ANTWERP DESK

The Antwerp Desk is crafted from solid French white oak and composed into a commanding, architectural silhouette defined by pronounced legs and a strong perimeter frame. Its proportions emphasize weight and stability, allowing the grain to read clearly from every angle. A beige travertine top sits flush within the oak surround, introducing subtle contrast and a refined material shift. An integrated drawer is discreetly housed within the front apron, preserving a clean elevation and cohesive, sculptural presence.

Product Details

The solid French white oak is finished with a natural oil that allows the wood to breathe and respond to its environment. Variations in humidity may result in natural movement, including small cracks or shifts in the grain. These changes are expected and reflect the living character of solid wood, contributing to the piece's evolving surface over time.
