ANTWERP DRESSER

Crafted entirely from solid French white oak, the Antwerp Dresser offers six or nine drawers arranged in columns, each face revealing the depth of grain and natural character that makes every piece distinct. There are no pulls or handles allowing the form to stay clean, defined only by the shadow lines between drawers.

SHOP

Product Details

The solid French white oak is finished with a natural oil that allows the wood to breathe and respond to its environment. Variations in humidity may result in natural movement. These changes are expected and reflect the living character of solid wood, contributing to the piece's evolving surface over time.
