

# EIK SCREEN

The Eik Screen is constructed from solid French oak and organized as a series of hinged vertical panels. Each panel is left broad and uninterrupted, allowing grain, knots, and natural variation warm up a space. The Eik Screen is designed as a freestanding piece to delineate and divide space.

## Product Details

The solid French white oak is finished with a natural oil that allows the wood to breathe and respond to its environment. Variations in humidity may result in natural movement, including small cracks or shifts in the grain. These changes are expected and reflect the living character of solid wood, contributing to the piece's evolving surface over time.
