

GHENT DINING TABLE

The Ghent Dining Table is crafted entirely from solid French white oak and defined by material honesty and weight. Its parquet top draws inspiration from the cobblestone streets of Ghent, introducing a measured rhythm across the surface that reveals natural grain variation and depth. Thick, squared legs reinforce a grounded stance, allowing the table to feel substantial yet composed.

Product Details

The solid French white oak is finished with a natural oil that allows the wood to breathe and respond to its environment. Variations in humidity may result in natural movement, including small cracks or shifts in the grain. These changes are expected and reflect the living character of solid wood, contributing to the piece's evolving surface over time.
