

PALAZZO DAYBED

The Palazzo Daybed reimagines the ornamental moldings and textured walls of historic Italian architecture in a functional form. Its solid white oak base echoes the moldings found in Milan's historic palazzos, providing a strong foundation for the piece. Upholstered in a rich, high-pile wool mohair from the Netherlands, its textured fabric catches the light like the variations in Italy's historic plaster walls.

Product Description

The Daybed features medium foam for a balanced level of comfort, topped with a 1" layer of memory foam to ensure the fabric remains taut and structured.

This combination provides both supportive comfort and a polished, refined look that maintains its shape over time.
