

PALAZZO SOFA

The Palazzo series translates the ornate moldings and textured walls of historic Milanese architecture into timeless furniture.

A solid white oak base grounds the design, echoing the character of old-world palazzos. Wrapped in plush, high-pile wool mohair from the Netherlands, the fabric's texture plays with light like aged plaster.

Product Description

The Sofa features medium foam for a balanced level of comfort, topped with a 1" layer of memory foam to ensure the fabric remains taut and structured.

This combination provides both supportive comfort and a polished, refined look that maintains its shape over time.
